

**Renaissance Public School Academy
2025-26 Student Perception Survey Questions**

Third through eighth grade students have the opportunity to express their views on our annual school improvement survey. The surveys are anonymous and participation is voluntary. Students select whether they strongly disagree, disagree, agree, or strongly agree with each of the statements listed below. Students are also given the option to share additional comments at the end of the survey.

- I feel safe when I'm in school.
- The school has clear, consistent behavior expectations for students.
- I think adults at my school care about me.
- My teachers clearly explain what I am expected to learn.
- My teachers support me when I don't understand a topic.
- My teachers believe I can succeed.
- School leaders are proud of our school.
- If I want to, I feel safe talking to a staff member other than my teacher.
- If I want to, it is easy for me to talk to a school leader.
- School leaders communicate that academics are important.
- There are specific criteria I am expected to master in my classes.
- Our school's mission is to help every student learn how to believe in themselves, think of new ideas, and work well with others. I feel that I am a part of this mission.
- Our school's vision is for every student to find something they love to do, grow up to be happy, and help others in their community. I feel that I play a part in fulfilling this vision.
- I have had the opportunity to work with organizations in our community during my project work.
- My teachers encourage us to ask questions about our learning.
- My teachers use class time effectively.
- My teacher honors independent project exploration time.
- I know how well I am doing in school.
- My teachers let me show what I know in a variety of ways.
- My teachers share my learning progress with me in a way I understand.
- My parents are able to see examples of my learning.
- My teachers challenge me with high level work.
- I find my school work interesting.
- I know why what I am learning is important.
- Instruction from my teachers helps me learn and succeed.
- My school helps me to explore interests and passions that can connect to things outside of school.
- I have opportunities to explore topics or ideas about which I am curious.
- I feel engaged and satisfied with my learning experiences.
- My feelings of confidence have increased because of my learning experiences.
- When I reflect on my learning experiences, I can see how they are preparing me for a happy life.
- My teachers support me in setting and reaching goals.
- I would recommend this school to my friends.
