CONFIDENTIAL

The Board of Directors and Management
Renaissance Public School Academy
2797 South Isabella Road
Mt. Pleasant, MI 48858

To the Board of Directors and Management of
Renaissance Public School Academy

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Renaissance Public School Academy for the year ended June 30, 2025. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated October 26, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Renaissance Public School Academy are described in Note 1 to the financial statements. Except for the implementation of GASB 101 and 102, no new accounting policies were adopted, and the application of existing policies was not changed during the year ended June 30, 2025. We noted no transactions entered into by Renaissance Public School Academy during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no estimates affecting the Academy's financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Independence

During the year ended June 30, 2025, we were engaged to provide financial statement preparation services, including footnote edits and modified accrual to full accrual conversion. We reviewed the nature of the requested work, our role and management's role and determined that our independence would not be impaired, in fact or appearance.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 2, 2025.

Significant Unusual Transactions

For purposes of this letter, professional standards define *significant unusual transactions* as transactions that are outside the normal course of business for the Company or that otherwise appear to be unusual due to their timing, size or nature. We did not identify any significant unusual transactions during our audit.

Related Party Relationships and Transactions

As part of our audit, we evaluated the Academy's identification of, accounting for, and disclosures of the Company's relationships and transactions with related parties as required by professional standards. We did not identify any related parties or related party relationships or transactions that were previously undisclosed to us; significant related party transactions that have not been approved in accordance with the Academy's policies or procedures or for which exceptions to the Academy's policies or procedures were granted; or significant related party transactions that appeared to lack a business purpose.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to Renaissance Public School Academy’s financial statements or a determination of the type of auditors’ opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Renaissance Public School Academy’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to management’s discussion and analysis, budgetary comparison schedules, which are required supplementary information (“RSI”) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on combining financial statements – non-major funds and the schedules of revenues and expenditures, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the Board of Directors and management of Renaissance Public School Academy and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

CBIZ CPAs P.C.
