Event**

Hello RPSA Families!

Wow! It was another amazing week of learning at RPSA. Here are some of our favorite highlights:

- Kindergarteners had the opportunity to make their own apple cider with a real cider press!
- 2nd grade started learning about writing book reviews
- Trailblazers learned about convection currents with ghosts! (really just tea bags, but such a neat experiment)
- Our MS Humanities classes were very busy with final rehearsals for Monday's performance
- MS STEM students built water filtration systems and put their engineering skills to the test

Next week is set to be another very busy week with several evening events. Be sure to check out all the information below!

Student Shout Outs

We've had such a great start to the school year and would like to start recognizing students who are going above and beyond. Be on the lookout for Student Shout Outs in our newsletter each week. Students who are caught following RAMS Pride Expectations will receive a special shout out from a staff member. They'll bring home a note from the staff member and have their names listed in the newsletter so you can help us celebrate them at home as well.

Sheriff Main and the Isabella County Law Enforcement Agencies have partnered with us to provide ALICE Emergency Response Training to all RPSA Staff. During the week of November 6th, classroom teachers will discuss the ALICE Model with students in preparation for our first emergency drill of the school year.

We'd like to invite parents to learn more about this Emergency Response system. This is an opportunity to hear what ALICE means, ask questions, and learn more about how this system is taught to students prior to the start of our lessons.
