Hello RPSA Families,

Lots of fun and exciting things happening around the school this week. The middle school dance on Monday afternoon was a great success. The DJ was great and the students enjoyed Valentine themed snacks. Then on Tuesday there was lots of hearts, candy, sweets, and sharing for Valentines Day. Throughout this week several members of the leadership and support team have had the privilege of being the judge in the Lizzy Borden Murder Trial for the middle school ELA classes. It was amazing to see our students show how mature and passionate they can be when presenting opposing sides.

There is still lots of sickness with this crazy Michigan weather. Please continue to reach out to the front office to report symptoms and absences. We hope everyone enjoys the next few days off and we look forward to seeing everyone on Tuesday morning at 8:00 A.M.

Thank you for continuing to share your students with us.
Sarah Anderson

THINGS TO REMEMBER FOR NEXT WEEK:

- Remember No School Monday.
- Remember Open Enrollment starts on March 1st for new incoming students.
- Remember to send a water bottle and outside gear with your student.
- Remember students are not allowed to bring toys to school unless the class is having a special spirit day.
- Remember to pay ahead for after school so we can ensure we have staffing for all students.

**School Doors Open
at 7:45 am**

**School Starts
at 8:00 am**

**School Ends
at 3:25 pm on
M, T, TH, F**

**Early Dismissal on
Wednesday at 2pm.**

AROUND THE SCHOOL THIS WEEK

Mrs. Papenfus's class celebrating valentines day together.

Two Trailblazer students organized a plastic bottle drive as part of their Genius Hour project. It looks like the Kindergartners, Voyagers, and Islanders are ahead of Trailblazers and Middle School. The plastic bottle drive will go until February 27th!

To help give a real and very local look at Goods and Services, Brian and Kaylee of Cone Furnishings right here in Mount Pleasant, took both kindergarten classes through the process of turning a log into boards and then into a piece of furniture or a utensil. Everyone was able to design their own spoon and they also all received a Michigan magnet (good) that was created (service) by the Cones!
